EXPEDITION ITINERARIES

2021/2022

Dear Explorers,

At Silversea we have never wavered in keeping your wellbeing at the forefront of our minds. We remain dedicated to this philosophy in all we do, as we strive always to further enhance your experience on board and ashore.

In the following pages you'll find many opportunities for adventure. We've revised our expedition itineraries to include brand new voyages featuring an unprecedented Deep Antarctica expedition, our first Grand Arctic voyage, and the first-ever Expedition World Cruise in history. What's more, our beautiful, brand-new *Silver Origin* joins our Expedition fleet in the Galápagos, allowing guests seamless interaction with the destination.

We are excited for the future, as our Healthy Sail Panel guides us into the next chapter of ultra-luxury cruising. We also implemented a new Cruise With Confidence policy that affords more flexibility in the case of an unforeseen cancellation.

We value your loyalty – and when the time is right for your next adventure, we'll be here ready to take you there in the style, safety, and comfort you've come to expect from Silversea. We look forward to welcoming you aboard soon.

Warm regards,

Barbara Muckermann

ALL ENCOMPASSING DISCOVERY

Set sail on a new chapter of travel

Just like you, we love pushing boundaries. From the Arctic to Antarctica, our Expedition voyages challenge your senses and show you the world up close, in all its vivid, glorious detail. Our all-suite, all-inclusive ultra luxury Expedition ships were built to take you to places few people ever see, and we're going even further in 2021-22. We're introducing the first Expedition World Cruise in history, crossing 21 oceans and seas to visit 107 destinations in 30 countries, and the world's first ultra-luxury fly-cruise to Antarctica. We've also expanded your experience of the Galápagos with new itineraries and destinations and are launching our first cruise ever to cross the Antarctic Polar Circle, reaching all the way to latitude 69°S. Whichever you choose, you'll be at the cutting edge of travel. Find out more about each destination below:

GALÁPAGOS

In order to celebrate *Silver Origin* joining our fleet, we have decided to really push the boat out! We have revised our North Central and Western itineraries so now they both feature the diverse islands of Fernandina and Isabela, consistently listed among the must-visit islands in the Galápagos. The 68 new voyages will feature five new sites, and will focus on providing guests with deeper, more immersive encounters with the strange and wonderful wildlife of the islands.

ANTARCTICA

We are excited to announce three major innovations for the next season of Antarctic sailings. Our first Deep Antarctica will be a 20-day in-depth exploration of Antarctica, sailing past 69° S, our lowest ever latitude. We are also thrilled to introduce Antarctica Bridge. These ultra-luxury fly-cruise sailings to Antarctica are the first of their kind in the industry and will offer guests the opportunity of flying over the Drake Passage and sailing straight into the heart of the Peninsula. Finally, *Silver Wind* will undergo an ice-class conversion, offering more choice than ever before in the White Continent.

Zodiac® Cruising, Antarctica
