SOLAR ECLIPSE VOYAGES

SOLAR ECLIPSE EXPERIENCE

Eclipse chasers will travel to the ends of the earth to observe the moon pass between the earth and the sun. In order to witness this solar eclipse, they will have to!

Join Silversea Expeditions, and be among the very few who will witness this incredible spectacle in Antarctica. At 7:34 a.m., on **December 4, 2021**, having sailed the *Silver Cloud* and the *Silver Wind* into the path of totality, the world will be plunged into darkness for 1 minute and 54 seconds.

Silversea Expeditions is offering only two voyages that will experience this incredible phenomenon. Travel aboard *Silver Wind* from **Buenos Aires to Ushuaia** or aboard *Silver Cloud* on an **Ushuaia roundtrip**, and get ready to experience a very rare event, at the very end of the earth.
